## Tabarka Studio

Celebrating 20 prideful years as an Arizona, USA based company gives us an extra special reason to share the uniqueness of each of our hand painted terracotta collections!

Please join us on a worldwide journey as each month we share the inspiration snapshot behind each of our current hand painted terracotta collections.

---

## Our Canyon Collection

This collection pays homage to our desert home. Dramatic sunsets over Arizona Canyons highlight the beautiful richness and colors of a glorious landscape composed of ancient rocks and soils.

### Canyon 5

Inspired by the warm tones of Arizona canyons, this exquisite tile and colorway seamlessly blends geometric precision with nature's artistry. Each stroke narrates a tale of desert elegance, where the harmonious play of shapes bring a unique geometric charm to your surroundings.

Installation compliments of Cortney Bishop - Shown in Latte, Oxford, & Off White

---

### Canyon 8

This design showcases our love of geometry and neutrals. Simple yet sophisticated, these variegated stripes have a modern sensibility and boast nature's everchanging terrain.

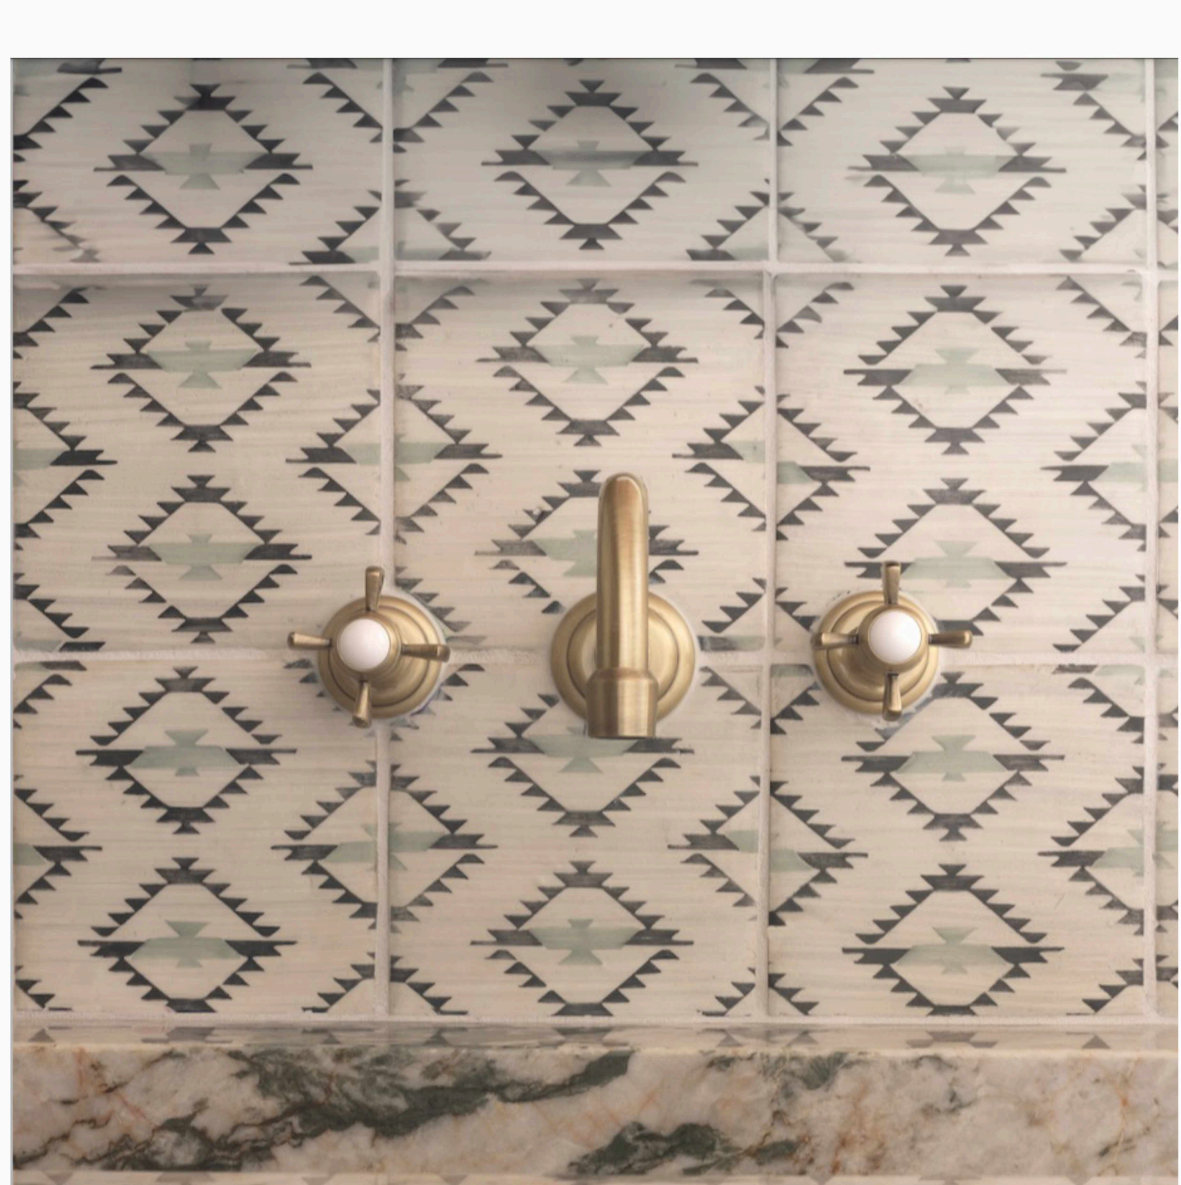

Installation compliments of Greer Interior Design - Shown in Gray, Negev & Pinot on Off White

---

### Canyon 2

Capturing the essence and pure appreciation for Native American artistry, this tile design features a striking representation of a strong thunderbird. The brushed colors applied by our talented artisans create a beautiful backdrop and appreciation for our desert history.

Installation compliments of Studio Ashten - Shown in Charcoal & Eilat on Gray brushed on Off White
